

FANS & BLOWERS

Manufacturers of Industrial Fans for over 50 years

Medium flow applications

BCZ DATA SHEET

Centrifugal Fan

The BCZ range of centrifugal industrial fans are designed for medium volume, high pressure applications using a backward curved fully welded impeller.

KEY FEATURES

- Duties ranging from 0.23m³/s - 7.5m³/s.
- More efficient impeller design

SPECIFICATIONS

- Backward curved fully welded impeller
- Standard paint or range of special finishes

INDUSTRIES & APPLICATIONS

The BCZ range is suitable for clean air applications only. This range is therefore suitable for applications such as heat **extraction**, combustion air such as **incinerators**, industrial washing machines and industrial **ovens**.
